b) Asked if it was necessary to submit reappointment papers on Chiefs of Stations. The Director said in his opinion such action only added to paper work and further he was not convinced ~~that such~~ appointments, with the exception of hardship posts, should be limited to a given period of time. He stated there was no reason why there should not be an informal agreement as to how long a Chief of Station would serve. [REDACTED] commented that by and large overseas assignments conform with those of the Department of State. ACTION: DD/P to review procedures for appointments and reappointments of Chiefs of Stations.
